

EMMANUEL KLEIN

Corporate Affairs Manager

<https://www.linkedin.com/in/emmanuel-klein-072913/>

EXPERIENCE

Head of Corporate Affairs

Plantibodies

06/2023 - Present Paris, France

At Plantibodies, we're on a mission to pioneer the next generation of orally delivered immunotherapies, making them accessible to all. Our plant-based platform is sowing the seeds for a new era in biologics, poised to transform healthcare and positively impact millions of patients worldwide.

Brand Manager

Institut Curie

10/2016 - 06/2023 Paris 75005

KDOG pioneered a research program focused on breast cancer detection through Volatile Organic Compounds (VOCs). I volunteered along the team, to manage the brand image, the social networks activity, and mostly the funding of the research.

CEO & Co Founder

MEDUSIMS

01/2014 - 06/2018 Paris, France

Medusims : A public-private partnership with Paris Descartes University developing serious video games for doctors to help them deal with critical care situations.

Medical Simulation / Scientific Serious Games / Immersive 3D / 3D Cloud / Web IOS / Android

CEO & Founder

Peps&color

09/2010 - 03/2013 Paris, France

Under license of Dimenco - Phillips's license : Digital signage / Distribution of value-added solutions in glasses-free 3D auto-stereoscopy, as well as software and hardware conversion to the world of glasses-free screens for events and public displays.

DG INTL

Akamedia

09/2010 - 05/2011

Newspusher is a video news service provided to media professionals by Akamedia, with 500+ stories per day and 200 000 clips available for licensing. Registration is free and video price depends on use.

CEO & Founder

le but du jeu Paris

01/2001 - 11/2009

Broadcast press agency - 24h news services - technical infrastructure for live and play out news - broadcast live trucks - worked with 30 different countries.

CEO & Founder

Power Vote et Generale Multimedia

01/1993 - 12/2004

LA GÉNÉRALE MULTIMEDIA was a pioneer in the generation of interactive clinical cases for continuing medical education. The POWER VOTE boxes invented by the company enable groups of doctors to meet at congresses or interdisciplinary training sessions.

SUMMARY

Serial entrepreneur professional with over 30 years of experience in corporate affairs and brand management, expert in strategic leadership and innovative project development. My key achievements include founding MEDUSIMS, a successful partnership with Paris Descartes University to develop serious medical simulation games, and managing the brand and securing funding for KDOG's pioneering breast cancer detection research at Institut Curie. I bring my leadership and brand management skills to support your mission of transforming industry practices and positively impacting society. With extensive experience leading companies such as Peps&color and Akamedia, and managing multi-billion euro investments at PROMINVEST, I bring a comprehensive understanding of strategic growth and innovation to the role.
